

Elizabeth Kihungi

Data Scientist | Data Analyst

I am a data science enthusiast. My goal is to use data to explore possibilities of making wise personal, business, and corporate decisions. I have a keen interest in developing machine learning models for predictive analysis.

EDUCATION

Bachelor of Science(Mathematics and Computer Science)

Kenyatta University

09/2016 - 07/2021, *First Class Honours Courses*

- Calculus, Numerical Analysis, Computer programming, Data structures and algorithms, Networking Fundamentals, Linear Algebra.

KCSE

Precious Blood Riruta

02/2012 - 11/2015, *Grade: A-Courses*

- Secondary Education Syllabus

WORK EXPERIENCE

IT assistant

Ministry of Water and Sanitation

05/2019 - 08/2019, *Nairobi, Kenya Achievements/Tasks*

- Network design, installation & configuration. Hardware & software technical support .
- Hardware & software installation & configuration .
- Network routing & configuration .
- Network administration & security .
- Information systems security .
- Office & information management .

Contact : Mr. Charles Nyakeri, Head of ICT - telephone: 0722678533 email: cbnyakeri@gmail.com

SKILLS

Python programming

Machine Learning

SQL

Leadership

HTML

CSS

Tensorflow

Numpy

Data mining

R

Pandas

Research

Tableau

Project Management

Communication

Teamwork

Inferential Staistics

CERTIFICATES

Introduction to Machine Learning by Andrew Ng
(03/2020 - 07/2020)

Use of octave and Matlab, mastery of numerical analysis formulae, key concepts, and graphs.

Python3 (08/2021 - 12/2021)

Python programming principles; variables, functions and classes

Internet and Web Development

(09/2020 - 09/2020)

Internet protocols and web services

Data Science Core (01/2022 - Present)

Data mining tools, SQL, Python programming

INTERESTS

Travelling

Music

Teaching

Networking
